

****CONSTRUCTION ALERT****

TEMPORARY TRAFFIC LANE IMPACTS ON LEMON AVENUE AND GOLDEN SPRINGS DRIVE FOR 12 MONTHS FOR STREET WIDENING AND STORM DRAIN INSTALLATION

WHAT

The Alameda Corridor-East Construction Authority (ACE), on behalf of the California Department of Transportation (Caltrans) and in conjunction with the Cities of Diamond Bar and Industry, will commence construction of new on- and off-ramps on State Route 60 at Lemon Avenue to improve traffic flow and reduce congestion in the area. ACE contractors will temporarily and intermittently close traffic lanes on Lemon Avenue immediately north and south of State Route 60, and on Golden Springs Drive immediately west and east of the Lemon Avenue intersection for road work, street widening and storm drain installation.

WHAT TO EXPECT

Traffic lanes will be temporarily and intermittently closed along portions of Lemon Avenue and Golden Springs Drive for street widening, removal of the center medians and storm drain improvements (see diagram above). **At least one traffic lane in each direction will remain open at all times.** Some work may temporarily restrict left turn access onto Lemon Avenue or Golden Springs Drive. A portion of the adjacent sidewalk on southbound Lemon Avenue will be closed with pedestrian detours provided. Access to local businesses and residences will be maintained. The storm drain installation will require the excavation and placement of new pipes in a trench along southbound Lemon Avenue. Motorists and pedestrians are urged to obey posted signs and exercise caution while in the vicinity of the construction activities. Noise, dust and vibration may be noticeable and monitored for compliance with applicable limits.

WHEN

Construction begins on **Monday, November 14, 2016** and is expected to continue for approximately 12 months. Most work will occur weekdays between 7 a.m. and 5 p.m. Weekend work is not anticipated.
